

ANSONIA PARK AND RIVERWALK, SEGMENTS 3 & 4
CITY OF ANSONIA, CONNECTICUT
Conn D.O.T. PROJECT NO. 002-128
FEDERAL AID PROJECT NO. CN: PEDS (214)

ADDENDUM NO. 3

DECEMBER 02, 2020

DESCRIPTION OF ADDENDUM

Addendum No. 3 includes the final approved CT Department of Energy and Environmental Protection – DAM Safety Permit. There are no changes to the bid opening date or contract time as a result of this addendum.

The following information is hereby made part of the contract documents:

REVISED SPECIFICATIONS

The following documents (attached) are hereby added to the contract documents:

The Notice To Contractor – Permits is hereby replaced in its entirety with the attached Notice To Contractor – Permits.

The DRAFT Connecticut Department of Energy and Environmental Protection – DAM Safety Permit in Attachment A of the project documents is hereby replaced in its entirety with the attached Connecticut Department of Energy and Environmental Protection – DAM Safety Permit, dated November 25th.

REVISED CONTRACT ITEMS

There are no changes to the contract items.

PLANS

There are no changes to the contract plans.

NOTICE TO CONTRACTOR –PERMITS

The Contractor is hereby notified that several permits have been acquired and shall be obtained for the work. The Contractor shall abide by all permit conditions and requirements.

The following permits have been acquired:

City of Ansonia Planning and Zoning Commission - Site Plan Approval, Dated February 25, 2019

City of Ansonia Inland Wetland Commission, Dated March 7, 2019

U.S. Army Corps of Engineers - Section 408 Levee Modification Approval, Dated April 3, 2020

Connecticut Department of Energy and Environmental Conservation - Individual Dam Safety Permit, Dated November 25, 2020

Permits acquired during the design phase of the project are included in Attachment A.

The Contractor is responsible for securing all other permitting, including an Encroachment Permit from CTDOT for work on Route 115 Main Street.

Application No.: DS-202006152
Town: Ansonia
Waters: Naugatuck River
Permit type: Dam Safety
Project: Ansonia Levee (DEEP ID# 209, Hazard Class C, High Hazard)

Dear Ms. O'Malley:

The Commissioner of the Department of Energy and Environmental Protection has approved your application to conduct certain regulated activities. Your attention is directed to the conditions of the enclosed permit. You should read your permit carefully. Construction and other work must conform to that which is authorized. Please pay particular attention to item 14 which states conditions specific to the project site.

If you have not already done so, you should contact your local Planning and Zoning Office and the U. S. Army Corps of Engineers to determine local and federal permit requirements on your project, if any. Write the Corps' New England District, Regulatory Branch, 696 Virginia Road, Concord, MA 01742-2751; <http://www.nae.usace.army.mil/> or call 1-800-343-4789.

Please do not file the permit on the municipality's Land Records.

If you have any questions concerning your permit, please contact the Water Planning and Management (formerly Inland Water Resources) Division at 860-424-3706.

Beth Shortell Lynch-Ansonia City Clerk via email (blynch@ansoniaact.org)

Please forward to chief elected official. This letter and the permit do not need to be filed on the land records.

PERMIT

Permittee: City of Ansonia
City Hall, 253 Main Street, Ansonia, CT 06401
somalley@ansoniac.org

Attention: Shelia O'Malley

Permit No: DS-202006152

Town: Ansonia

Project: Ansonia Levee (DEEP ID# 209, Hazard Class C, High Hazard)

Waters: Naugatuck River

Pursuant to Connecticut General Statutes Section 22a-403, the Commissioner of Energy and Environmental Protection (“Commissioner”) hereby grants a permit to City of Ansonia (“the Permittee”) to conduct regulated activities at Ansonia Levee. The purpose of said activities authorized herein is to modify an existing levee.

AUTHORIZED ACTIVITY

Specifically, the permittee is authorized to perform the following: construct a 10-foot wide paved multi-use path along the Ansonia Levee, located along the eastern bank of the Naugatuck River.

All activities shall be conducted in accordance with plans entitled: “Construction of Ansonia Riverwalk-Segments 3 & 4” dated June 2020, revised July 17, 2020, which was prepared by DeCarlo and Doll, Inc.

This authorization constitutes the licenses and approvals required by Section 22a-403 of the Connecticut General Statutes. This authorization is subject to and does not derogate any present or future property rights or other rights or powers of the State of Connecticut, conveys no property rights in real estate or material nor any exclusive privileges, and is further subject to any and all public and private rights and to any federal, state, or local laws or regulations pertinent to the property or activity affected thereby.

The permittee's failure to comply with the terms and conditions of this permit shall subject the permittee, including the permittee's agents or contractor(s) to enforcement actions and penalties as provided by law.

This authorization is subject to the following conditions:

CONDITIONS:

1. **Expiration.** This permit shall expire three years from the date of issuance unless this permit is specifically renewed.
2. **Construction Commencement and Completion.** If construction authorized herein is not completed within three years of issuance of this permit or within such other time as may be provided by this permit, or if any activity authorized herein is not commenced within three years of issuance of this permit or within such other time as may be provided by this permit, this permit shall expire three years after issuance or at the end of such time as may be authorized by the Commissioner.
3. **Notification of Project Initiation.**
 - a. The permittee shall notify the Commissioner in writing no less than seven (7) days prior to commencement of permitted activities and no less than seven (7) days following completion of permitted activities. Notifications may be made by email to: DEEP.DamSafety@ct.gov.
 - b. The permittee shall, pursuant to Section 22a-377(b)-1(a)(16)C of the Regulations of Connecticut State Agencies, notify the Commissioner and any potentially affected water company in writing at least seven (7) days prior to the lowering of Naugatuck River for the purpose of undertaking permitted activities.
 - c. The Department of Energy and Environmental Protection (DEEP) Fisheries Division shall be notified at least forty-eight (48) hours prior to drawdown of the impoundment, in accordance with Section 26-138 of the Connecticut General Statutes. Such notification shall be made to the Fisheries Division, 79 Elm Street, Hartford, CT 06106-5127, and telephone no. 860- 424-3474.
4. **De minimis Alteration.** The Permittee shall not deviate from the authorized activity without prior written approval from the Commissioner. The Permittee may request a de minimis change to any authorized structure, facility, or activity. A de minimis alteration means a change in the authorized design, construction or operation that individually and cumulatively has minimal additional environmental impact and does not substantively alter the project as authorized.
5. **Accuracy of Documentation.** In issuing this permit, the Commissioner has relied on information provided by the permittee. If such information was false, incomplete, or misleading, this permit may be modified, suspended or revoked and the permittee may be subject to any other remedies or penalties provided by law.

- 6. Best Management Practices & Notification of Adverse Impact.** In constructing or maintaining any structure or facility or conducting any activity authorized herein, or in removing any such structure or facility under condition 5 hereof, the permittee shall employ best management practices to control storm water discharges, to prevent erosion and sedimentation, and to otherwise prevent pollution of wetlands and other waters of the State. Best Management Practices include, but are not limited to, practices identified in the *Connecticut Guidelines for Soil Erosion and Sediment Control* as revised, 2004 *Connecticut Stormwater Quality Manual*, Department of Transportation's *ConnDOT Drainage Manual* as revised, and the Department of Transportation Standard Specifications as revised.

The permittee shall immediately inform the Commissioner of any adverse impact or hazard to the environment which occurs or is likely to occur as the direct result of the construction, maintenance, or conduct of structures, facilities, or activities authorized herein.

Drawdown of Naugatuck River shall be limited in extent and duration to that necessary to complete the permitted activities.

- 7. Reporting of Violations.** The permittee shall, no later than 48 hours after the permittee learns of a violation of this permit, report same in writing to the Commissioner. Such report shall contain the following information:
- a. the provision(s) of this permit that has been violated;
 - b. the date and time the violation(s) was first observed and by whom;
 - c. the cause of the violation(s), if known
 - d. if the violation(s) has ceased, the duration of the violation(s) and the exact date(s) and times(s) it was corrected;
 - e. if the violation(s) has not ceased, the anticipated date when it will be corrected;
 - f. steps taken and steps planned to prevent a reoccurrence of the violation(s) and the date(s) such steps were implemented or will be implemented;
 - g. the signatures of the permittee and of the individual(s) responsible for actually preparing such report, each of whom shall certify said report in accordance with condition 11 of this permit.
- 8. Material Storage in the Floodplain.** The storage of any materials at the site which are buoyant, hazardous, flammable, explosive, soluble, expansive, radioactive, or which could in the event of a flood be injurious to human, animal or plant life, below the elevation of the five-hundred (500) year flood is prohibited. Any other material or equipment stored at the site below said elevation by the permittee or the permittee's contractor must be firmly anchored, restrained or enclosed to prevent flotation. The quantity of fuel stored below such elevation for equipment used at the site shall not exceed the quantity of fuel that is expected to be used by such equipment in one day.

9. **Permit Transfer.** This permit is not transferable without the prior written consent of the Commissioner.
10. **Contractor Notification.** The permittee shall give a copy of this permit to the contractor(s) who will be carrying out the activities authorized herein prior to the start of construction and shall receive a written receipt for such copy, signed and dated by such contractor(s). The permittee's contractor(s) shall conduct all operations at the site in full compliance with this permit and, to the extent provided by law, may be held liable for any violation of the terms and conditions of this permit.
11. **Certification of Documents.** Any document, including but not limited to any notice, which is required to be submitted to the Commissioner under this permit shall be signed by the permittee or a responsible corporate officer of the permittee, a general partner of the permittee, and by the individual or individuals responsible for actually preparing such document, each of whom shall certify in writing as follows:

“I have personally examined and am familiar with the information submitted in this document and all attachments thereto and I certify that based on reasonable investigation, including my inquiry of the individuals responsible for obtaining the information, the submitted information is true, accurate and complete to the best of my knowledge and belief. I understand that a false statement in the submitted information may be punishable as a criminal offense in accordance with Section 22a-6 of the General Statutes, pursuant to Section 53a-157b and in accordance with any other applicable statute.”

12. **Submission of Documents.** Any document or notice required to be submitted to the Commissioner under this permit shall, unless otherwise specified in writing by the Commissioner, be directed to:

DEEP.DamSafety@ct.gov

The date of submission to the Commissioner of any document required by this permit shall be the date such document is received by the Commissioner. The date of any notice by the Commissioner under this permit, including but not limited to notice of approval or disapproval on any document or other action, shall be the date such notice is emailed by the Commissioner. Except as otherwise specified in this permit, the word "day" means any calendar day. Any document or action which is required by this permit to be submitted or performed by a date which falls on a Saturday, Sunday or legal holiday shall be submitted or performed by the next business day thereafter.

13. **Rights.** This permit is subject to and does not derogate any rights or powers of the State of Connecticut, conveys no property rights or exclusive privileges, and is subject to all

public and private rights and to all applicable federal, state, and local law. In constructing or maintaining any structure or facility or conducting any activity authorized herein, the permittee may not cause pollution, impairment, or destruction of the air, water, or other natural resources of this State. The issuance of this permit shall not create any presumption that this permit should be renewed.

14. Dam Safety Conditions

- a. This permit and a copy of the approved plans shall be kept at the project site and made available to the Commissioner at any time during the construction of permitted activities.
- b. Permitted activities shall be performed under the supervision of an engineer who is licensed to practice in the State of Connecticut and who is familiar with dam construction. Said engineer shall, upon completion of the permitted activities, certify to the Commissioner in writing that the permitted activities have been completed according to the approved plans and specifications.
- c. Within thirty (30) days of completion of the permitted activities, permittee shall submit to the Commissioner record drawings depicting the levee modification as completed, including any deviations from the approved plans and specifications. Said drawing shall be prepared and sealed by the engineer who oversaw the construction. In addition, the permittee shall arrange for submission of an electronic copy of the final record drawing in Adobe Acrobat “pdf” format.
- d. Nothing in this permit and no order, approval or advice of the Commissioner, shall relieve any owner or operator of a dam from his legal duties, obligations and liabilities resulting from such ownership or operation. No action for damages sustained through the partial or total failure of any structure or its maintenance shall be brought or maintained against the state, the Commissioner of Energy and Environmental Protection, or his employees or agents.

- 15. De minimis Alteration.** If during the process of construction, unforeseen conditions are found on the site and the permittee and their engineer determine that it would be appropriate to modify the design, then the permittee shall notify DEEP within 24 hours of any potential design changes to determine if the design modifications will be an activity that can be categorized as a de minimis activity when compared to the permitted design. No work shall take place which was not included as part of the permitted design until DEEP responds to this determination request.
